

# Tech Playland Make-up Matching Station

**You are the Make-up!**

Make-up is the closest design to the Actor. Your art is on their skin! Do you know what to do??

## **RULES**

- This is a team event.
- Use the flash cards to test your Make-up knowledge.

## **How to Practice**

Full Kit of Make-up. Sealed. No need for the student to touch these materials. The container needs to be see thru to access the knowledge they have. Use flash cards to set scenarios and ask what the student would use to create the make-up. Have them engage in the activity by pointing to what they would use inside the sealed container. Discuss.
