

Construction Guidelines

Scenic Model

- The model must fit on a base no larger than 11"x17".
- Does not need to be an exact scale but should be proportionate.
- No limit to types of materials used. Get creative!

Costume Design –

- Needs to fit a 12" tall person. Can use a 12" mannequin/doll or get inventive and create one.
- Does not need to be an exact scale but should be proportionate.
- No limit to types of items used. Think outside of the box!

Hair/Make-Up Design –

- Actual application can be on a cosmetology head or a live model.
- Live model should be someone you have access to at home (a sibling, parent, relative) that you feel safe working with.
- Please remember to wear a mask if needed.

Properties Design

- Prop can be actual size or scaled down.
- Does not need to be an exact scale but should be proportionate.
- Try to be as detail oriented as possible.
- No limit to types of items used. Make magic!
